Weekly Newsletter

Friday 29th Jauary 2021

Mission Statement:

With Jesus as our guide, we learn, pray and live together in a safe and happy way.

Dear Parents/ Carers,

We have now been in our partially open state for nearly four weeks. Thank you to those parents who are working at home with their children. We know home schooling is not easy.

We made the change to Microsoft Office TEAMS in this lockdown as it was a secure area that all of the children's digital resources can be uploaded to. I must commend you for embracing this new way of working, hopefully you have found the resources the teachers are placing onto TEAMS helpful.

Next week sees our teachers being regular lateral flow testing for Covid-19. This is a step forward in ensuring adults who may be asymptomatic being detected early and stopping a Coronavirus outbreak. It may however, impact on the children currently in school in our five bubbles. If a member of staff were to test positive then this would result in the bubble being placed into isolation at home. Please do ensure our contact details for you are up to date as we will contact you initially by text if we did need to close a bubble due to a positive result.

We are hoping to have our parents evening before the February half term, this will be carried out hopefully by video call. More details about this will follow.

The news this week gave the announcement that the earliest the children will return to school will be the 8th March. We will continue to set work throughout the school term with the exception of the half term week (15th-19th February).

The dates for First Holy Communion and Confirmation were text to parents this week. These dates are provisional at the moment until we have a clearer picture as to what is happening with the Pandemic and the restrictions around this. We will try to keep you updated as best as we can.
